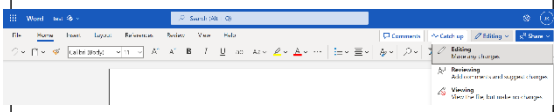
Knowledge organiser – Y5 NETWORKS 1

My Key Learning

What do I already know?

Collaborating means working together to achieve or do something.



Suggestions and comments that are made do not have to be accepted.

We respect each others' work by following the rules.

Key Vocabulary	Definition
algorithm	a program or process for solving a problem
copyright	a law that states anything created by a person belongs to them
credit	giving someone recognition for what they have done
deceive	to make someone believe something is true when it is not
